Day 1: Arrival in Masoala and Visit to the Rainforest

On the first day of this three-day excursion, you will first land in Maroantsetra, as traveling with a **flight from Air Madagascar** is the fastest and most convenient way to reach Masoala. From Maroantsetra, you will continue **by fast motorboat** to Ambodifohara. The journey takes about an hour and a half, and in Ambodifohara, you can store your luggage directly at your accommodation at the *Arol Lodge*. Afterwards, the first activities are already planned. You can choose between a first **visit to the rainforest** and some **water sports in the Bay of Antongil**. In the rainforest, you can admire many extraordinary animals such as Red Ruffed Lemurs, Helmet Vangas, and many other creatures at this time of day. In the crystal-clear waters of the Antongil Bay, on the other hand, you can observe numerous fish and other marine life. Alternatively, you can also take a **walk along the east coast** and get to know the village life of the local inhabitants. One of the co-founders of the Arol Lodge is from Germany and is happy to lead such a walk. Wander through plantations

Day 2: From Arol Lodge to Nosy Behentona

The starting point for this trip is the *Arol Lodge*, which we highly recommend as a base camp for your stay on the Masoala Peninsula. The **eco-friendly construction of the bungalows**, all equipped with hot water and sanitary facilities, provides the ideal base for various excursions on the famous Madagascar peninsula. From here, you will embark on this 3-day trip, starting with a **motorboat ride towards Masoala**. After a short journey, you will enjoy a picnic on the pristine island of Nosy Behentona. There, you can visit a lighthouse that miraculously survived the various cyclones that regularly hit the island and the area. From here, you will have a **breathtaking view of the island's lagoon**. Next, you will continue through this lagoon to the **Cap Masoala Marine Park**. Here, you can swim, snorkel, or simply relax on the beach in the crystal-clear waters. Accommodation with full board is provided in Ambodilaitry at the camp.

Day 3: Enjoying the Sea at Cap Masoala

The third day of this short trip is also all about water. Enjoy the **unique water landscape at Cap Masoala**, relax from the stressful weeks leading up to your **vacation in Madagascar**, and take in the impressive scenery of the Cap. You will also be **provided with full board** today and stay overnight at the camp in Ambodilaitry.

Day 4: Back to Arol Lodge

On the fourth Day, say goodbye to the unforgettable water landscape at Cap Masoala after breakfast and return to Arol Lodge by motorboat. If you wish, you can still experience numerous other adventures here.
