Explore Masoala And Nosy Mangabe In 3 Days With Arol Lodge Offers

Offer ID: UAM-29

Length of Time: 3

Price from: 870 €

Nature lovers will be delighted in Masoala Day. This densely forested peninsula contains the largest remaining block of protected rainforest and is home to a significant part of Madagascar's fauna and flora, including a wealth of rare and unique species.

Travel Days

Day Description	Images

Day 1: Arrival in Masoala and Visit to the Rainforest

On the first day of this three-day excursion, you will first land in Maroantsetra, as taking a **flight with Air Madagascar** is the fastest and most convenient way to reach Masoala. From Maroantsetra, you will continue **by fast motorboat** to Ambodifohara. The journey takes about one and a half hours, and in Ambodifohara, you can store your luggage directly at your accommodation at the *Arol Lodge*. Afterwards, the first activities are already planned. You can choose between a first **visit to the rainforest** and some **water sports in the Bay of Antongil**. In the rainforest, you can marvel at numerous extraordinary animals such as Red Ruffed Lemurs, Helmet Vangas, and many other creatures during this time of day. In the crystal-clear waters of the Antongil Bay, on the other hand, you can observe various fish and other aquatic life. Alternatively, you can also take a **walk along the east coast** and get to know the village life of the local residents. One of the co-founders of the Arol Lodge is from Germany and is happy to lead such a walk. Wander through plantations of clove trees, coconut palms, vanilla plants, and much more, and **enjoy the peace and uniqueness of this special environment**. To conclude this fascinating day, a **night hike** is also on the agenda. During this guided hike, you will encounter many nocturnal animals

Day 2: Excursion to Nosy Mangabe and Journey to Maroantsetra

On the second day of your **Madagascar adventure** exploring the Masoala Peninsula, your stay at Arol Lodge has come to an end. Early in the morning, you will **cross over to the island of Nosy Mangabe by boat**. Nosy Mangabe is one of Madagascar's many special reserves, originally established to protect the elusive Aye-Aye. The island, nearly untouched by human hands, is now home to numerous rare animals and diverse flora. Your morning and early afternoon will be filled with **explorations on the island** . Afterwards, you will take a **motorboat to Maroantsetra**, where you can **spend the rest of the day as you please**. You will spend the night at *Masoala Resort*, indulging in delicious meals.

Day 3: Return flight from Maroantsetra

On the third day of this small tour, you will enjoy a **hearty breakfast at Masoala Resort** before the team guides you back to the airport. From there, you will take a flight with Air Madagascar back towards Antananarivo or to another city in Madagascar. The adventure may, but does not have to, end for you at this point.
